PRESIDENT GIVES AID TO WRECKED AUTOISTS

Personally Assists in Rescue of Persons Entrapped by Overturned Machine.

CORNISH, N. H., August 10.—The President took an automobile ride yesterday afternoon, and during his trip went to the assistance of three autoists whose machine had overturned upon them about three miles from his summer home. He arrived at the scene of the accident within a few seconds after it happened.

The President was automobiling with Mrs. Francis R. Sayre, his daughter, and Dr. Cary T. Grayson, his naval aid and physician, on the road between Windsor, Vt., and Acuteville, Vt. As the President's automobile overturned a curve he and his companions dis-

covered another machine overturned at the bottom of an embankment.

Personally Gives Aid.
Mr. Wilson and Dr. Grayson hurried to investigate. They found Miss K. A. Swasey, Mrs. Emma Hathaway and C. C. Judd, all of Norwich, Vt., underneath the automobile, and the President helped to pull them out. They were much bruised and frightened, but an examination by Dr. Grayson showed that none of them was seriously injured.

The President and Dr. Grayson assisted the two women to the road, and then Mr. Wilson directed the secret service men accompanying him to remove the automobile and render all aid possible. Those in the overturned automobile did not recognize the President until later, but they thanked him profusely for his aid. The secret service men took the two women to Windsor, Vt., in another machine.

Devotes Time to Official Business.
President Wilson spent several hours last night on official business received at the "summer White House" from Washington. He worked in his study until a late hour, the Mexican situation claiming his chief attention. He also was in communication with Secretary Lansing of the State Department and Secretary McAdoo of the Treasury.

The President played golf early today with Dr. Cary T. Grayson, his naval aid and physician, and planned to take an automobile ride this afternoon.

SAY DANGER IS OVER.
"Quiet" Reported in Mexican Section Which Indians Threatened.

CORONADO BEACH, Cal., August 10.—That section of Simola, Mexico, where it recently was reported Americans were being placed in jeopardy by Indian raiders, was termed "quiet" today in a message received from the United States cruiser Chattanooga, which has been patrolling the coast of Mexico between Tonolchampo and Los Mochis.

The message stated that members of an American colony located on an estate operated by the United Sugar Company near the scene of the reported raid had refused to seek asylum aboard the Chattanooga, when they were asked to do so, being of the opinion that all danger had passed.

GERMAN CATHOLIC WOMEN ORGANIZE

Preliminary Plans Include Calling of Convention to Nationalize Societies.

FEDERATION INDORSES CHICAGO PEACE MEETING

Reports Show Membership Has Grown From 31,000 in 1899 to 122,000 Today.

ST. PAUL, Minn., August 10.—Delegates to the annual convention of the National Federation of German-American Catholic Societies held long sessions today in order to leave only today for work for tomorrow, when the four-day meeting ends. The report of the resolutions committee was expected late today.

The social study movement was discussed at the first meeting, the establishment of a school at Chicago to study the problem of capital and labor being agreed upon by a number of delegates. Preliminary plans for the organization of a Frauenbund, or women's league, already have been completed.

It is expected that the temporary organization, which Mrs. A. W. Rose of Pittsburgh is chairman and Mrs. Val Reis of St. Louis secretary, will approve plans for the calling of a convention next year, when the league will be organized permanently. It is proposed to combine all societies of German Catholic women engaged in social uplift work.

Indorses Peace Conference.
Resolutions indorsing the peace conference to be held in Chicago, September 2 and 3, and recommending that the state and local organizations affiliated with the Central Verein send delegates to the meeting to protest against the continued shipment of munitions of war to Europe were adopted yesterday by the federation.

"Every American citizen deprecates the war," said President Joseph Frey of New York, "and as American citizens they should protest against any activities by Americans which will have a tendency to prolong the war. This certainly is not a religious, political or national question."

Introducing Archbishop Bonzano, apostolic delegate, President Frey suggested that a fund of \$1,000 be raised and forwarded to Pope Benedict to aid in carrying out his work in the countries involved in the European war. Archbishop Bonzano approved the suggestion, adding that the Pope himself is a "war sufferer."

All Hope for Cardinalate.
The recent report from Rome that Archbishop Ireland is to be made a cardinal was referred to by several speakers.

"Every Catholic of German descent in America hopes to see Archbishop Ireland made a cardinal," declared one speaker.

The work of the Central Verein was praised by Archbishop Ireland, who declared he always had advocated organization.

MYSTERY SURROUNDS BIG GOLD SHIPMENT

England Sends \$25,000,000 to New York.

NEW YORK, August 10.—Considerable mystery surrounds the shipment from England to this country of a large amount of gold, the sum being variously estimated at \$15,000,000 to \$25,000,000. The gold, which probably takes the form of American eagles, is being transhipped from Halifax, to which port it was taken by a British steamer, presumably under government convey, to this city by special train.

J. P. Morgan & Co. are the consignees, but the bankers refuse to give any information regarding the transaction, stating that such details ought to come from London, where the shipment was arranged in response to the extraordinary exchange conditions between that center and this city.

Sum Involved Not Known.
At the subcommittee it was admitted that a request had been received to take care of a large amount of gold now of the way from Canada, but the sum involved was not known. The American Express Company, which has charge of the gold from Halifax to this city, declined to give any particulars of the shipment, saying that such a course would be unwise at this time.

Demand sterling suffered further depreciation at the opening of today's foreign exchange market, declining to 47½, but later advancing to 47½.

The gold was shipped over Canadian railway lines to the American border heavily guarded by Canadian detachments. An express company took the bullion in charge and proceeded with it by way of Bangor, where the gold being shipped in a special car.

GEORGE FITCH, AUTHOR, DIES IN CALIFORNIA

Humorist Fails to Rally After Operation for Appendicitis.

BERKELEY, Cal., August 10.—George Fitch, the Peoria, Ill., author, died at a sanatorium here yesterday, having failed to rally from an operation for appendicitis performed Sunday.

Mr. Fitch was taken ill Saturday. He had been visiting his sister, Miss R. Louise Fitch, who is a student in the University of California.

Mr. Fitch came to California early last July with Mrs. Fitch, who was with him at the time of his death. Arrangements have been made to remove the body to Peoria for burial after funeral services have been solemnized here Friday.

Made Reputation as Humorist.
George Helgeson Fitch was born in Galva, Ill., June 5, 1877. After graduating from Knox College in 1897 he took up newspaper work in Galva, Ill. Later he was connected with various papers in Illinois and Iowa.

Four years later he went to Peoria, Ill., as managing editor and feature writer for the Peoria Transcript. In this capacity his column of "transcripts" containing witty comments on Peoria happenings and national politics gained for him a wide reputation. He later resigned as managing editor of the Transcript in order to devote his time entirely to magazine work.

He was elected as a representative to the Illinois state legislature in November, 1912, and served one term.

At one time he was president of the American Press Humorists' Club. He was a member of the Cliff Dwellers of Chicago. He wrote "The Big Strike of Siwash," "At Good Old Siwash," "My Demon Motorboat" and many short stories.

He leaves a wife and three daughters.

WELLS-FARGO OFFICIALS UNEARTH FRAUD SYSTEM

Three Men Arrested, One of Whom Is Alleged to Have Confessed Theft.

CHICAGO, August 10.—With three men under arrest here today, one of whom is said to have confessed to the thefts from the Wells-Fargo Express Company, claim to have uncovered a system of thefts through which the company has been robbed of merchandise totaling nearly \$200,000 within the last twelve years.

The men under arrest are Frank Wilson, who is alleged to have been the mastermind of the fraud, Benjamin Watkins, an employee of the express company, and a man known to the police only as the "mysterious man," who is said to have traveled under as many as twenty aliases.

Losses Average \$2,000 a Month.
Watkins was employed by the United States Express Company, which was absorbed by the Wells-Fargo more than a year ago. For eleven years previous to that time, detectives said, he had been the company's chief of loss, averaging \$2,000 a month in goods a month. Watkins remained in the service when the United States company was absorbed.

Packages containing valuables would be wrapped into one large parcel by Watkins, it was charged, and addressed to the "mysterious man" at some suburb of Chicago, where it would be claimed by him under the alias which happened to be on the label.
